COMPANY OVERVIEW

Legacy Cargo LLP is a trusted and dynamic logistics and supply chain management company dedicated to providing seamless, reliable, and efficient cargo transportation solutions. With a strong foundation built on integrity, innovation, and customer-centric service, we empower businesses of all sizes to move their goods confidently across local, regional, national, and global markets.

As a professionally managed Limited Liability Partnership, we have earned a respected reputation in the logistics industry through consistent performance, transparency, and the ability to build lasting partnerships with clients.

Founded with a clear vision to simplify complex logistics challenges, Legacy Cargo LLP was established by a team of seasoned industry professionals who recognized the need for a more responsive and technology-driven logistics partner. What began as a focused cargo transportation service has steadily grown into a full-spectrum logistics solutions provider.

—• Our Vision

To become the preferred logistics partner through operational excellence, innovation, and exceptional customer service.

Our mission •—

To provide efficient, sustainable, and customer-focused logistics solutions that optimize operations and create value.

OUR SERVICES

Sea freight services

From ports to destinations worldwide, we provide seamless shipping solutions designed to move large volumes with confidence and care.

Warehousing

Secure, organized, and strategically managed storage solutions designed to keep your inventory accessible and supply chain operations efficient.

NVOCC & Port Handling

From vessel space management to customs processing, we ensure smooth and hassle-free cargo movement across borders.

Door to Door Services

A complete logistics solution that ensures your shipment moves smoothly from sender to receiver without complications.

Air Freight Services

When time matters most, our air freight solutions deliver your cargo quickly and safely across global destinations with efficiency and precision.

Land Freight Services

Moving goods efficiently across cities, states, and borders, our land freight network ensures dependable transportation tailored to your business needs.

Custom Clearance

Our experienced team handles documentation, regulations, and customs procedures, helping your shipments move without delays.

Break / Bulk Cargo

From industrial equipment to project cargo, we ensure safe and efficient movement of goods that require customized handling.
